

Pertinent Paragraphs

Democracy — government by the people; a form of government in which the supreme power is retained by the people and exercised directly or indirectly through a system of representation and delegated authority periodically renewed. Webster writes that a few years back.

Pardon us for waving the flag, but there are lot worse avocations. We are sorry the old boy didn't see fit to carry that a bit farther and state that those who failed to avail themselves of this privilege of "periodically electing . . ." were FAILING in their responsibilities to this greatest of all forms of governments and was thereby endangering same for even those that did.

Incidentally, you're gonna vote in the school election tomorrow, aren't you?

Our bouquet this week goes to Jos. M. Beyers — who with some very heavy equipment fixed the streets, Imperial and Main, first block north of Broadway. You know how much it needed fixing. In this civic improvement business, we often think of the biblical phrase 'faith without work' and are tempted to paraphrase it to 'words without work' — well brother, Beyers put some work into it.

Following our custom of not revealing names, you recall our exclusive exposay on the matter of the adult football players, well this week it concerns a guy who runs a theatre in his spare time. he was seen going around with a toy gun, pointing it and yelling 'bang, bang.' We'll try to analize this one a bit and point out three reasons why such a thing might come to pass. First, taxes. We always have that alibi; second, it happened BEFORE Beyers fixed the street and third, maybe he was just advertising his next western!

Getting a little more serious — how about the things that we see every day but, some of us, don't see? The view from Skyline drive — Golden avenue — Sonka Urban Heights — there's all the view anyone could possibly dream about — ocean — mountains — the Lagunas, 65 miles east.

Can't help but wonder — do we appreciate what we have in Our Town of Lemon Grove? Climate, soil to grow flowers, fruit, berries — or practically anything you stick in the ground.

In our opinion one of the finest views is looking over Spring Valley from the end of Troy street up by Hunter's Nursery. That's a picture worth driving up there to see — and speaking of Spring Valley — look over their community building — and let one of their enthusiastic members tell you about it — you'll go a long way before you find another place where the folks work together as one large family — doing things for themselves — the Valley — and best of all setting a fine example for other communities!

Rambling on — Father O'Donoghue horse show in Lemon Grove — an annual event, originated by him — and carried on, bigger and better for some seven years, until last year, we understand, attendance was 40,000 — largest number of people ever attracted to Lemon Grove at one time!

John Blaine, the home builder, making a dandy lawn with spare time attention — at his home on Madison — more dope coming up regarding lawns. Chris Ferguson, the builder, flitting from one job to another, making fine progress on the Congregational church. Can't help but wonder if he enjoys being boss over all the volunteer help. Bet he enjoys NOT having to keep all the books on them — anyway — or has the good old govt. got a directive to that effect now? Dave Bird, speaking to the business men Tuesday — hinting that he may not be interested in being a supervisor again.

VOTE!

Mother and Dad will have to stand up and be counted Friday, October 22, between 7:00 a.m. and 7:00 p.m. Junior and Susan will be watching to see if you make the trip to school to cast your ballot in the School Bond Election. The kids are waiting to know whether the new schools will be equipped with at least the minimum essentials.

Normally, school elections are extremely apathetic affairs. The last bond election was decided by 350 people. How many mothers and dads out of the 3300 registered voters in the school district will cast their ballot on Friday the 22nd?

Remember, Junior and Susan will be checking on you!

Hot Time All Set for Sun.

Pack up your basket, bring your own cup and dishes and silver. The rest is all free.

The Business Men's Club, The Business Women's League and The Lions Club have combined their talents and come up with a real big time for every man, woman and child in Lemon Grove at the picnic at Eucalyptus Park Sunday.

There will be games for children and adults, with fine prizes for all winners. Horse shoes, tug of war, races, games, and to top it all, hold on to your hats! A baseball game that promises to go down in history as the funniest thing ever to be misnamed baseball. There will be a lot of real professional players and some semi-professional clowns, and you won't know which is which. Bring your camera for some pictures to show your grandchildren, or better yet, bring them along.

The Business Men have for their captain, The Great Donnelly, known as "Babe" Donnelly, while the Lions Captain is the

GARDEN SECTION TO SPONSOR CONTEST

The Garden Section of the Forward Club announces that they are sponsoring a contest at Christmas time for the most beautifully decorated yard or garden. Very worth-while prizes will be awarded, so get out your magazines and garden plans and prepare now to enter this contest.

More details will be announced later, but it is time to start planning your entry now.

No. 18, which reimburses cities, counties and school districts for veteran tax exemptions and would reduce the tax rate about 16 or 18 cents was also approved by Supervisor Bird. He suggested a no vote on No. 4, which changes the old age and blind welfare set-up, appointing a welfare director whose office would be a political job, and who would carry more authority in some matters than the governor.

He gave the members a brief resume of some of the other items on the coming ballot and was showered with questions afterward, which he answered to the best of his knowledge.

SCHOOL PERSONNEL ENTERTAINED FRIDAY

The official board of the P.T.A. entertained the faculty and staff of the Lemon Grove School Friday evening at El Monte Park, beginning with Tacos and Bean dinner at 6:00 p.m.

Miss Krimsky led in community singing and Coach Barney Davis led some jolly square dances. There were other dances and several good games to help folks get better acquainted.

About 100 were present and spent a very enjoyable evening.

fine "picklement" — —

Also, and to me this is vitally important, there will be just enough money left over after the actual needs of classroom equipment to put the playgrounds of the three schools in such shape that they can be used for after school and vacation period recreation.

In other words, our four or five league baseball teams playing in various county leagues which we have each summer season, wouldn't have to play all their "Home" games away from home just because we don't have an acceptable diamond or the necessary lighting facilities.

Few of you know, I'm sure, that the lighting facilities at the Lemon Grove school are not adequate. As a matter of fact there is no way at the present time that light bulbs can be changed on the light poles, for the poles have rotted and weathered away to such an extent that it would be utterly unsafe to climb them.

If the bond issue passes, there will be new poles and an official lighting system installed so that Lemon Grovers can add the ever-popular softball games to their summer's entertainment.

We realize of course that the classroom needs come first, but we also know that recreational facilities and playgrounds are sadly needed in Lemon Grove. If you haven't already voted please, please get to your school polling place and vote.

Halloween Carnival Will Be Best Yet

Plans are going on merrily to make the P.T.A. Hallowe'en Carnival, to be held Saturday, October 30 at the Lemon Grove School grounds, the biggest and best ever held in Lemon Grove.

The committee has prepared a list of the various concessions and they will be in charge of the following:

Hot dogs, Joe Byers; Tacos and Chili, Byron Netley; Hamburgers, Harold Randall; Country Store and Plants, Mrs. Frank Greenlee; Canned goods, Mrs. John Mallow; White Elephants, Mrs. Andrew Capps; Fancy Work, Mrs. A. B. Gordett; Cake, Pie, and Coffee, Mrs. F. N. Lewis and Candy, Mrs. Rovang.

Coach Davis will be in charge of the dance at the tennis courts, at which the king and queen will preside.

The Boy Scouts will sell pop, and the Girl Scouts will handle the Fish Pond. Blue Birds will sell penny candy and the Camp Fire girls will sell ice cream bars.

The Cub Scouts will dispense Funny Books. The Forward Club Juniors will have a Fun House and Mr. Bond will show movies and take charge of the aero and swing rides.

Pony rides will also be furnished by a commercial concern.

There will be many more prizes this year than have been offered in previous times. A list of them will be published next week.

Lions Will Start Ladies Day

The Lions Club of Lemon Grove will inaugurate Ladies' day at their November 11 meeting, it was decided at their last regular meeting Thursday at the VFW hall.

George Dickinson will be the program chairman for the event.

At the last meeting, the guest speaker was Howard Carroll of the Carroll engraving company in San Diego. Carroll not only furnished an instructive program for the Lions but shared with them some world series experiences from which he had just returned.

President Andy Benson presided over the meeting.

NEW ST. JOHN SCHOOL OPENED TO PUBLIC SUNDAY

The new St. John of the Cross School and Convent were open to the public Sunday and it was estimated about 500 people called to view the new buildings and offer congratulations. Many beautiful floral tributes were received from far and near.

There are 180 children now enrolled in the new parochial school and there is a waiting list of other children in case of a vacancy. There are four Sisters in charge of the school.

Ladies of the church served small canapes, cookies, tea and coffee to all guests.

Work is progressing on landscaping the grounds. A hedge has been planted and the grounds will soon be beautifully arranged.

THE SHRINE GOES TO WORK

The guest of honor at the La Mesa-El Cajon Shrine Club dinner and entertainment held Tuesday evening at the 345 Club in El Cajon was little Connie Sue Boardman of La Mesa, a polio victim.

The Club, which includes members from Lemon Grove, sponsored a trip to the Shrine Hospital for Crippled Children, in San Francisco, for clinical examination.

The specialists predict her chances of full recovery are very favorable as soon as accommodation is available in that institution.

LET'S DISCUSS IT

by Mrs. Agnes Whitlock

One of the most progressive and yet comparatively new clubs in the county, is the Forward Club Juniors. Even though a small club they have been very active. It is a club for young women between eighteen and thirty five years of age. They combine social activities with charitable work. It is a club where the young women of the community can get acquainted.

There's an ever mounting number of new people in the Grove, and many more moving in every day. There is no reason for anyone to feel lonely and strange. We have many friendly organizations who are only too glad to welcome new members.

The Juniors always have something interesting going on. They have many entertaining affairs for husbands and friends. During the year they have projects to raise funds for expenses and charitable works.

Last year they sponsored the Lemon Grove School Band, donated money for band uniforms, along with money for the Camp Fund of the P.T.A. On Christmas they gave food clothing and toys to two families, consisting of seventeen people.

The Club has donated to numerous other charitable organizations and several individuals. This year during the summer months the club was not in session, but the work went on. The greatest achievement was getting aid from the public for Nancy Hill's family. The Club donated fifty dollars and personal services.

The County Federation of Women's Clubs, Junior Membership, gave the Forward Club Juniors the First Award for Youth Conservation. They also received Honorable Mention for Community Service.

Each year the Club has grown and their field of activities has grown with them. This year they hope to be bigger and better than ever.

The members of the club and their executive board are working hard to make the coming year better in every way. At present they are working on a Hallowe'en dance. They hope to make it a glowing success.

The Fun House at the P.T.A. Carnival is another project. It takes a lot of work to put over these projects. All the compensation they ask is the appreciation you show by attending.

I have been asked to publish this note of thanks so that the people of Lemon Grove would know of the splendid work done by this organization.

"Junior Forward Club of Lemon Grove:

I have had the privilege of meeting only two of your members, but I feel a warmth toward you all. It is a comfort to know that a group of mothers felt the

Congregational Pledge And Donation Party Was Big Success

The Pledge and Donation party held Friday evening in the Community Congregational Church was well attended and everyone had a fine time. The Ladies Aid group who sponsored it, announced that the building fund was enriched by \$566.

There was a cooked food sale, a thrift table, a white elephant sale and an auction.

A number of games were played and a community sing enjoyed. A very amusing novelty number was prepared by Mrs. Al Cronquist, and was definitely a big hit.

More and more Grovers are coming to this church, and they keep coming. A big project has been undertaken, in the construction of the building, and it is very gratifying to see the funds coming in to pay for it. If folks continue to respond as they have recently, the building should be ready for community service in a few weeks.

Another Junior Patrol Group See Free Show

Another group of the Junior Patrol will be guests of the Grove Theatre at the Saturday Matinee when Randolph Scott will be seen in "Gung Ho." The second feature will be "Eagles Squadron."

The following Patrol members will be admitted free: Dennis Bryan, Bobby Simpson, James McDonald, Ben Alvarez, Kenneth Stratton, Henry Bonilla, Steve Griggs, Dan O'Donnell and Lyn Warden.

responsibility of a less fortunate mother in a trying time.

The gift which you contributed is a deed that will not quickly be forgotten. Other persons quickly followed your lead. I received many prayerful notes and calls which I appreciated very much.

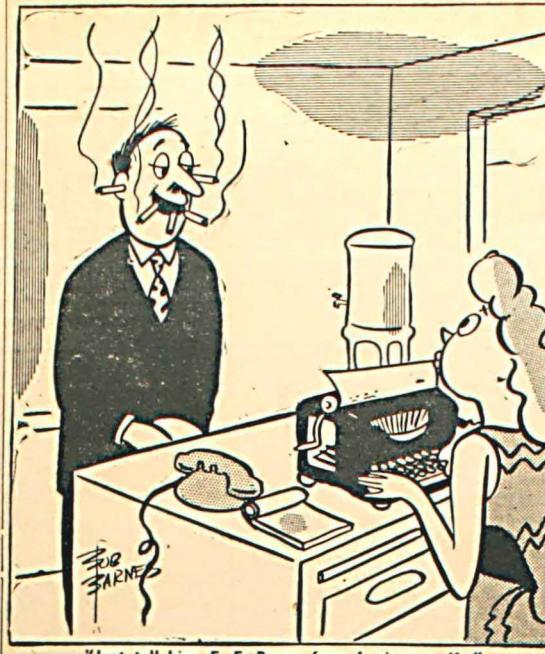

I sincerely hope that your good work will not end with me, but your organization will continue to aid others.

Thanking you again.
Sincerely,
Ethel Hill"

They tell me it's going to be quite a shindig. Do you have your tickets yet? Tickets to what? Why, the dance the Forward Club Juniors are having, of course! This Saturday night, October 23, at 8:00 p.m. in the Forward Club House. If you haven't your tickets, you may get them at the door. See you at the dance.

NEIGHBORHOOD CLUB

MET MONDAY

The Neighborhood Club composed of Girl Scout and Brownie leaders, co-leaders, and committee members held their regular monthly business meeting Monday evening in the school cafeteria.

It was announced that a workshop would be held for leaders and co-leaders on November 9, from 10:00 a.m. to 4:00 p.m. in the new La Mesa Youth Center. Each person will bring her own lunch.

The Hallowe'en Carnival was discussed. Mrs. John Kish was appointed chairman of the Girl Scout booth and Mrs. Jean Gregory and Mrs. Ford Bunch are her assistants.

The Brownies will sell balloons and ceramics at their booth. Mrs. Guy Winton will be chairman of arrangements with Mrs. R. M. Atkins, Mrs. Mary Tsongas and Mrs. C. F. Baxter assisting.

Girl Scout Meetings

Mrs. John Kish, leader of Troop 228, held a meeting for her troop in the Congregational Church and taught the girls how to make charcoal sketches. The co-leader is Mrs. Jean Gregory and committee members are Mrs. Smith Mrs. Thibeault and Mrs. Losh.

Troop 2 with Mrs. W. S. Torgeson as leader, helped her eighth grade girls to pour plaster of paris plaques for the fish pond at the carnival. They are working on their pottery badge.

Troop 248 composed of Mrs. Guy Winton's Brownies learned to sew on buttons "tailor fashion." They met in Mrs. Winton's home at 1:30 Wednesday. They will have an investiture October 21 and divide the troop as there are 23 girls. Mrs. R. M. Atkins will take part of them.

Mrs. F. P. Krause called a meeting at St. John of the Cross school last week which was attended by 20 girls of Brownie age.

Mrs. C. F. Baxter with the assistance of her co-leader, Mrs. Charles Archer, held a joint meeting with Mrs. Joe Byers and her co-leader, Mrs. Richard Hoover in the Forward Club.

The children made masks of paper plates and learned a new song. They also had an interesting discussion of their pets.

SCHOOL NEWS

The First Baptist Church of Lemon Grove, is offering its building so that several of the school's special classes may have a place to meet.

A class under Miss Ciwa Griffiths of the County Office is held each week for teachers who plan to do work in speech correction. Mrs. Lois Richie of the faculty is holding classes each day for children who need speech correction work.

The County Schools Health Department also supervises periodic hearing tests in the church building.

The school wishes to express its appreciation for the use of the rooms at the First Baptist Church.

New Gem and Mineral Club to Meet Oct. 24

The Tourmaline Gem and Mineral Society of the Grossmont high school district will hold its October meeting Sunday evening October 24, at 7:30 p.m. at Porters' Park in La Mesa.

The speaker for the evening will be Professor Baylor Brooks, Geologist at San Diego State College. His subject will be Geology and Gems of San Diego County.

Following Professor Brooks' talk the society will elect permanent officers and adopt a set of by-laws. At the first meeting held in September, thirty-two members signed up including residents of Lemon Grove, El Cajon, La Mesa, Grossmont, Spring Valley, Lakeside and Ramona.

Residents of Lemon Grove who signed up include Dr. and Mrs. J. W. Estabrooks, J. H. Bradshaw, Mr. and Mrs. Wm. E. Phillips, L. M. Sherman, Henry W. Weber and Harold W. B. Baker. Mr. Baker is acting as temporary chairman.

Residents of Lemon Grove who wish to become charter members should join at the October meeting as it is proposed to limit membership to fifty.

force. We should not forget that there is a possibility of a fragment of the wood to be cut separating itself from the log and being hurled at the operator with terrific speed.

If we pay attention to the fact that safe-guarding against such unwanted happenings is of greatest import, then the sting of an accident is practically removed. Such safe-guarding can be applied to hundreds of different tasks in our daily life.

Driving cars, walking on highways or crossing streets, blasting with dynamite, working on scaffolding, using stepladders, handling paints or acids, are just a few of the instances where safe-guarding will pay off with large dividends.

Always know in advance what you are trying to do; have your full mind on the job to be done and do the job whole-heartedly. If you do not feel just right, leave it alone until you do feel right. You may lose a few hours of your time, of which you have so much, and by doing so you may avoid a serious accident.

A happening of a few weeks ago comes to my mind at this point. During a rush time at my office I neglected to place the cord of my Infra-Red lamp on the floor. I had to step over the cord on several occasions and the last time my instep caught the

cord and the lamp toppled over.

No one was hurt but there was an interruption of treatment, an extra expense for a new bulb and a special trip to San Diego to procure a new one. This really was an avoidable accident though fortunately without personal injury.

While speaking of lamps one may be reminded of burns. Burns are most painful accidents and according to the body area involved, can be fatal. For convenience they may be classified into three degrees: first, second, and third degree burns.

A second or third degree burn is always serious and demands immediate attention. There is always redness and swelling, a second degree producing small and large blisters and a third degree showing tissue destruction, sloughing, pus formation, and proud flesh, finally healing and leaving unsightly scars.

If shock is present death may result in a very short time. If one third to one half of the body area is deeply reddened or burned the condition nearly always (Continued on page 7)

Juvenile Cases Keep Sheriff Busy Here

Sheriff Willard Rigley, attached to—Judge George B. White's court, is not finding Lemon Grove the peaceful, quiet little town that some sheriffs might dream of retiring to, in which they might serve a paper or so each month.

For example, one of the most recent cases involved malicious mischief. Rigley was called after Charles Woodward discovered that the home belonging to his father, Fred H. Woodward, at 7842 Alton drive in Monterey Heights had been broken into, with considerable damage being done to the private butcher and freezer plant in the rear.

A number of windows were smashed, motors to deep freeze units had been damaged, glass jars broken, and an attempt had been made to start a fire with kerosene from lanterns that had also been smashed.

After considerable checking, Rigley, accompanied by a detective, discovered that four youths, two 12 years of age and the other two 11, had committed the vandalism which they admitted. The parents were notified and a report was made to the probation department.

Another case involved four youths, one 16 years of age from La Mesa, and three Spring Valley boys, ages 13, 14 and 16 years.

Sheriff Rigley was called by Bob Lynn of Potrero store at 3:15 in the morning and reported that four youths were tampering with the gasoline pumps in front of the store. Sheriff Rigley arrived on the scene before the boys were able to get away, and while checking the registration of the car, the boys fled. The automobile belonged to Paul Speake of

FORWARD CLUB SENIORS HOSTS TO JUNIORS

The Lemon Grove Forward Club seniors entertained the junior club Tuesday evening, October 19, with a very pleasant party in the Forward Club Hall.

A large group of guests assembled and were cordially welcomed by the senior club president, Mrs. Ted Haaf.

Mrs. C. F. Baxter was program chairman, and she presented Miss Linda Lee Taylor of San Diego, who rendered a very skilled performance.

Next was a skit entitled "Let Em Fry." The cast included Mrs. L. D. Newton, Mrs. Todd Ballantine and Mrs. George Dickinson in the first scene.

Little Miss Linda Lee Taylor presented another acrobatic tap dance and then the quartet performed. This was presented as a radio commercial, with an applause meter consulted by judges Amy Sonka and Dorothy Boltz.

The quartet included Mrs. F. P. Krause, Mrs. DeWitt Mytinger, Mrs. L. D. Newton and Mrs. Shuyler A. Reed, who was the basso-profundo. Mrs. H. O. Holquist accompanied at the piano.

A grand march was then executed by all the ladies owning spattershields, after which a row of ladies rendered rhymes and jingles extolling the virtues of the "Spattershield." Interspersed among all the numbers were repeat performances of the quartet.

The inventor of the spattershield, Mrs. Letha O. W. Cordrey, a San Diego woman, was called upon for a few remarks, and gave a humorous reading after Death."

Mrs. Baxter introduced four members of her Brownie troop who repeated their oath and gave two clever selections. The girls were Kay Nevis, Dianne Brown, Sharon Fields and Janet Baxter.

Mrs. Agnes E. Patterson was introduced as the author of the music for the quartet. She is a musician and composer from San Diego and has published 36 sacred anthems. She sang and played a popular number for the group, which she has not published as yet.

Mrs. Shuyler Read was introduced as the author of the skit and also words for the quartet.

The Forward Club members will have a big debt for the new sewer installation and the ways and means committee planned the sale of the spattershield as one means of raising money. The club members will sell it for the inventor, for a commission.

The spattershield is a very useful article, an aluminum sheet in three sections made to place around one's frying pan to protect the stove and wall from grease particles.

Refreshments of cider and doughnuts were served from a table decorated with a miniature scare-crow and a mound of autumn food.

Home Demonstration Meeting Wednesday

A fine group of ladies met at the Vista La Mesa Christian Church Wednesday noon for a meeting of the Home Demonstration Department of the Agricultural Extension Service.

A demonstration was made on "Nutritious Lunches." Several individual lunches were prepared and packed; these were unpacked and described, explaining their balance, neatness and variety. It is considered good to pack a little surprise in each lunch, especially for a child.

Those attending were Mrs. J. N. Sanchez, Mrs. James Sanchez, Mrs. Chet Hawkins, Mrs. Dick Carvajal, Mrs. Bernard Storton, Mrs. Al Filler, Mrs. George Fillie, Mrs. George Fadden, Mrs. Hilda Kensing, Mrs. Cora Campbell, Mrs. H. E. Stadie, Mrs. John Hesic, Mrs. Thomas M. Best, Mrs. Elsie Gaudy, Mrs. Al Herder and little Donna Joy Storton.

Mrs. Cora Campbell was elected new chairman of the group.

The next meeting will be on November 17, at the Vista La Mesa Christian Church. The subject will be Window Treatments and everyone is invited to come and bring a sack lunch.

Zoo, etc., remarking that it was a wonderful place to live.

To cap off a perfect vacation they took a deep sea fishing trip and Mrs. Kilbourn enjoyed the thrilling experience of landing a 36 inch sea bass.

Heights Civic Club Discuss Lighting, Signs, Paving

The regular monthly meeting of the Monterey Heights Civic organization Thursday night was well attended and was a spirited assembly. The tempo was noticeably quickened when the question was asked, "What do we get out of taxes?"

Chairman L. E. Leech presented for discussion the subject of street lights, and painstakingly outlined the steps necessary to install and maintain street lights for the whole Heights district.

Mr. Leech is intensifying his investigation into all angles of such a project and plans to have further details to lay before the group at the next meeting.

Street lights would be an asset to the Heights in appearance and as a safety factor. The poser is the financing, and it is concerning this hurdle that Mr. Leech expects to present definite data.

The Roads and Streets committee reported that the white line marker now installed as far as Canton Drive is to continue the rest of the route used by the bus line. The balance of the street lettering is to be completed at once, also.

The completion of the paving of Englewood Drive, already promised is to be postponed until the rainy season when the County can call off the men and equipment now employed on oiling assignments. 25 mile speed limit signs are to be installed soon.

A Christmas party for the children was voted on and unanimously agreed upon.

New members in attendance and warmly welcomed were Mr. and Mrs. Frank Koenig, Mr. and Mrs. W. W. Sommerville, Mr. L. G. Hopper and Mr. Harry Elkin.

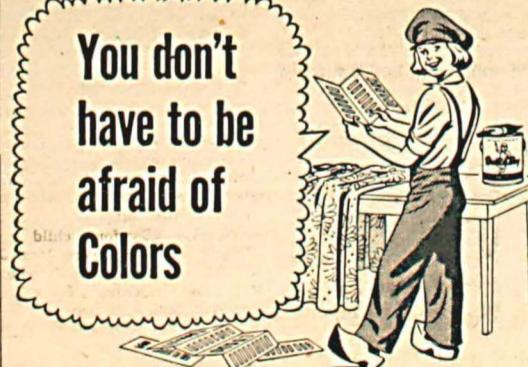

We agree with the Review Editor — We do have a "hum-dinger of a Civic Organization." If you enjoy kicking a debatable subject around, join the organization.

Housing Proposition to Be Discussed at Forward Club Meeting Tomorrow

Mrs. Fred Wright will be in charge of the program Friday, October 22, at the Forward Club, and she has selected Mrs. J. S. Ritoff to speak on the Housing Proposition coming up soon in the election. Hostesses will be Mrs. Ernest Sunbury, Mrs. A. R. Rettke and Mrs. Stephen Westover.

The next meeting of the club, November 14, will be in charge of the Garden Section, with Mrs. R. I. Seder chairman, and she announces that she has secured Mr. George A. Milne of Los Angeles, a prominent landscape artist, as the principal speaker.

Next Development Meeting To be Held Here

The regular monthly meeting of the San Diego County Development Association was held Tuesday evening at the Community Building at Julian. A chicken dinner was served, topped off by apple pie. Several Julian High School girls waited at the tables in a very professional manner.

The meeting and entertainment that followed was of the same high quality as the dinner and applause for the Host Group was deafening.

The November meeting will be held in Lemon Grove, by invitation of the Business Women's League. Mrs. Burton Snyder, the president, issued the invitation which was unanimously accepted by more than 100 members present.

Mrs. John Van Gilse then announced that since Julian served apple pie for dessert (Julian is famous for its apples), Lemon Grove would serve Lemon Pie for dessert on November 16, when it will be host to the entire county. The dinner and meeting will be held at the Forward Club House.

Among those present from Lemon Grove were Mr. and Mrs. Robert Beers, Mr. and Mrs. Joe Beyers, Mr. and Mrs. Paul Duley, Mr. and Mrs. John Hill, Mr. and Mrs. Mac McGee, Mr. and Mrs. McGuire, Mr. and Mrs. Burton Snyder, Mr. and Mrs. Art Chappelle, Mr. and Mrs. Peter Chappelle, Mr. and Mrs. John Van Gilse, Mrs. Oscar Johnson and Mrs. Al Huebsch.

SWIMMING PARTY HELD FOR HIGH SCHOOL BOYS

21 High School boys enjoyed an evening at the San Diego YMCA Pool Wednesday evening through arrangements made by the Y's Men's Club of Lemon Grove. Transportation was furnished by Mr. and Mrs. Goodal; Mac McGee acted as leader for the group.

The boys arrived home tired but happy and residents along the way were treated to some close harmony, as the boys sang continuously both going to and from the Y.

Scouts Own Service Set For Oct. 31

There will be a "Scouts' Own" church service on Mt. Helix Sunday, Oct. 31, at 4:30 p.m. This service will be held to celebrate Girl Scout Week, which is held on the birthday of the founder of the organization, Juliette Low.

She founded Girl Scouts to help girls realize their duty to God and country; to teach them loyalty, universal friendship, love of beauty, love of nature and of the great out of doors.

The service embodies the Girl Scout code and has a distinctive, dignified and quiet atmosphere that is inspirational to participants and audience.

It is expected that 1000 Girl Scouts will take part in the service. There were 639 Girl Scouts in the district last year and memberships are expected to pass 1400 this year.

All parents and sponsors are invited to attend this service.

There will be a rehearsal at 1:15 p.m. Saturday. A transportation pool will be discussed at the various meetings this week.

FORWARD CLUB MEMBERS ATTEND CONVENTION

A large delegation of Lemon Grove Forward Club members went to Carlsbad Friday to attend a big convention of Federated clubs. The morning was spent in 3 minute reports from each club president, and a talk on "Narcotics" by the state narcotics chairman, Mrs. Paxton Lytle.

There was an art exhibit in charge of Mrs. Martin Hankins and Mrs. Zoe Spence. The ladies enjoyed this and also a walk about the beautiful gardens surrounding the Carlsbad Hotel.

In the afternoon Mrs. Elsie S. Kimberly of Bonita, president of the San Diego Art Guild, was the principal speaker and also gave a demonstration of oriental brush painting.

Mrs. Dorothy Kelly and Mrs. Elinor Dusenbury entertained with duo-piano selections.

There were 196 ladies present in all. Those attending from Lemon Gr. were Mrs. Ted Haaf, Mrs. Fred Haaf, Mrs. Jack Fos-

A Talk With Parents

by L. E. McGee

This week we are to discuss how to develop a sense of fairness, honesty, and the value of money. Living with a condition naturally tends to develop that condition in the life of any person, child or adult.

If your home life is harmonious and the parents in the home treat each other and the children with fairness, it is likely that your child will grow up with the habit of fairness. If, on the other hand, you jump to conclusions without reasoning; if you punish first and ask questions afterwards, you are instilling in your child a quality of a similar nature.

He must pattern himself after you, consciously or otherwise. He sees you more than any other adults. His parents are the first people to say "this is right" or "this is wrong," so it stands to reason that he must judge right and wrong by the actions of those same parents.

Tell Junior not to smoke . . . if he has the nerve he'll say, "well, you do." If he hasn't the liberty of talking so freely before you, he'll think it and he knows you can't hang him for thinking. Be fair; before punishing, give him a chance to speak in his own defense. Murderers are allowed that privilege, so our children should be permitted as much.

As for the value of money, pages and pages could be written and the subject could still stand discussion for years. Briefly, however, let's use a little common sense. You taught Johnny and Mary to brush their teeth, wash their hands and tie their shoe strings by reminding, showing, reminding, example, reminding and reminding.

Let's teach them the value of money in the same way. You have heard from me and others that an allowance is the best method of teaching this trait, but you can't just say "Here's your allowance," and figure the job is done. You didn't hand him a pair of shoes and expect him to tie them, did you? Give him his allowance, explain how and why he should save some, use some for entertainment, ice cream, candy etc.

Give him a little book in which he can record what he spends and what he saves. Be proud of him when he has some of his money left at the end of the week. Let him do without when his money is gone, explaining that there simply isn't any more. Just like Daddy's pay check when it is gone, there is no more, except the savings. Which, of course should be an added incentive to save.

Then, if there is a request for a bicycle, or a gun, or a doll or a coat, have the child buy it from his or her savings and see the satisfaction the child derives from his accomplishment.

Tell your friends how your child bought his own gun or bike from his savings and let him hear your pride.

Answers to queries:

that afternoon. That is not clever or corrective. Looking forward to punishment doesn't improve the boy's school work or digestion of his food. Secondly he paddled the boy but the boy was innocent.

"EASY DOES IT"

If you have only a few leftover vegetables, these can easily be turned into a soup by using a thin cream sauce with pureed vegetables. If you want to save time, add the vegetables to canned chicken or mushroom soup.

When you buy a boned or a rolled roast, don't forget to ask the butcher for the bones which have been removed. The bones plus a few greens can be made economically into an excellent soup for cold weather meals.

Leftover vegetables juices can be extended with tomato juice and simmered with a few herbs or a slice of onion and bayleaf for flavor, thus making delicious soups easily.

RECIPE OF THE WEEK

Pineapple Cheese Pie

(Makes one 9-inch pie)
½ pound cottage cheese
2 tablespoons sugar
2 tablespoons flour
3 egg yolks, beaten
1 cup milk
1 cup canned crushed pineapple

Pastry
Mix cheese well with sugar and flour and then combine egg yolks with milk; combine both mixtures. Turn into pastry-lined pan and bake in a hot (450° F.) oven for 10 minutes. Reduce heat to moderate (350° F.) and bake for 45 minutes or until a knife inserted comes out clean.

Leftover French bread converts nicely into toast to serve with soup. Butter it generously and serve piping hot.

Have baking powder biscuits left from breakfast or lunch? Split, butter and toast these under the broiler and sprinkle grated cheese on them. They're wonderful with soup.

Leftover muffins, split, buttered, toasted and served with your homemade jellies, jams or fruit butters will make a festive meal with soup. Bread strips or cubes fried in shallow fat in the skillet are an appetizing accompaniment to soup.

Simple soups take on a festive air if you garnish them with whipped cream and real mayonnaise to which has been added some chopped chives.

POSTPONED MEETING

The Book Section of the Forward Club postponed their regular meeting last Friday, due to the convention at Carlsbad, which so many of the members wished to attend. They plan to have their next meeting October 29.

Mrs. C. I don't think your boy resents punishment. No normal child resents punishment fairly and impartially administered. He probably resents you if you don't give him a chance to explain.

I know of a similar incident where a school principal paddled a boy severely for smoking on school grounds.

He did two things wrong. First he told the boy in the morning that he was going to paddle him.

He told me of the experience, and he didn't resent punishment; he resented that particular punishment and the man who administered it because it was unfair, undeserved and was given him with no chance for verbal defense.

He had been punished before by his parents and by school

authorities without resentment because he knew it was justified.

Mr. G. Your question has so many answers that it would require a book. A few of the reasons for the conduct of our youth today as agreed upon by juvenile and school authorities are: lack of occupation for free time; trailers instead of homes; a let down on the part of parents and school authorities regarding discipline; and overburdened, overworked, understaffed and overcrowded juvenile facilities. I might add as a personal opinion: too many restrictive juvenile laws that are not enforced.

Theosophists To Meet Monday

The Theosophical Study Group of Lemon Grove will meet Monday, October 25, at 8:00 p.m. at the home of Mr. and Mrs. William H. Lehmann, 2660 Citronella Street.

The subject chosen for discussion is "The Interlude Between Earth-Lives," which is based on "The Ocean of Theosophy" by William Q. Judge, a former leader of The Theosophical Society whose headquarters are at Covina, California.

Miss Rose Schneider of San Diego, will be present to lead the discussion.

DIVISION 4. OPERATORS' AND CHAUFFEURS' LICENSES

266. Applications to Be Signed
and Verified.

Every such application shall
be signed and verified by the
applicant before a person auth-
orized to administer oaths and,
if the applicant is a minor, such
application must also be signed
and verified as provided in Di-
vision 5 hereof. Officers and em-
ployees of the department may
administer such oaths without
fee.

267. Examination for License.

Upon application for an orig-
inal license the department shall
require an examination of the
applicant and shall make pro-
vision therefor before an officer
or employee or authorized repre-
sentative of the department in
the county wherein the applicant
resides within one week after
such application is presented to
the department.

268. Scope of Examination.

The examination shall include
a test of the applicant's know-
ledge and understanding of the
provisions of this code governing
the operation of vehicles upon
the highways, his understanding
of traffic signs and signals and
the applicant shall be required
to give an actual demonstration
of his ability to exercise ordinary
and reasonable control in operat-
ing a motor vehicle by driving
the same under the supervision
of an examining officer. Said ex-
amination shall also include a
test of the hearing and eyesight
of the applicant and such other
matters as may be necessary to
determine the applicant's mental
and physical fitness to operate a
motor vehicle upon the highways
and whether any ground exists
for refusal of a license under
this code.

Grounds Requiring Refusal of License.

The department shall not issue
an operator's or chauffeur's license
to any person:

(a) Who is not of legal age to
receive such license.

(b) Who is an habitual drunkard
or addicted to the use of
narcotic drugs or an habitual
user of any other drug rendering
such person incapable of safely
operating a motor vehicle.

(c) Who is insane or feeble-
minded or an idiot, imbecile, or
epileptic.

(d) Who is unable as shown by
examination to understand traffic
signs or signals or who does not
have a reasonable knowledge
of the provisions of this code
governing the operation of ve-
hicles upon the highways.

(e) When it appears by exam-
ination or other evidence that
such person is unable to operate
a motor vehicle upon a highway
safely because of physical or
mental defect or lack of skill.

(f) Any physical or mental de-
fect of the applicant which in
the opinion of the department
does not affect the applicant's
ability to exercise reasonable and
ordinary control in operating a
motor vehicle upon the highway
shall not prevent the issuance of
a license to the applicant.

269. Refusal of License.

The department must refuse
to issue an operator's or chauffeur's
license or to renew such a
license to any person who is
convicted three times of operat-
ing a motor vehicle while under
the influence of intoxicating
liquor after December 31, 1941.

270. Additional Grounds re- quiring Refusal of License.

The department shall not issue
or renew an operator's or chauffeur's
license to any person:

(a) When a license previously
issued to such person hereunder
has been suspended until the ex-

BEFORE YOU CAN REACH YOUR DOCTOR

(Continued from page 3)

will be fatal. This, besides other
factors such as shock, peritonitis,
self-poisoning and pneumonia,
must be considered.

What can be done until the
patient is taken to a doctor or a
doctor can arrive? If the burn is
of a slight nature, cover the af-
fected part with cream, lard or
olive oil, then place some wax
paper over it. Follow up with
sterile gauze and finally bandage
loosely. If the burn is severe call
a doctor at once while someone
else may give first aid treatment.

Remove all burned clothing
not sticking to the skin. If shock
is present the temperature of the
patient is lowered and this must
be countered by wrapping him
into blankets and by applying
artificial heat to the body.

If the patient is conscious give
him several cups of hot strong
coffee as a stimulant; if uncon-
scious do not attempt to give
anything by mouth. There may
be severe thirst and vomiting; if
so, very little water should be
given and this should be sipped
slowly. Place the patient on the
side so that the vomit can be ex-
pelled freely and none of it will
remain in the throat and reach
the wind pipe.

In severe cases of burning, a
patient should be taken to a hos-
pital as such institutions have
everything at their command and
possibly can save his life. Speedy
action is of the greatest impor-
tance.

piration of the period of such
suspension unless such suspen-
sion was for a cause which has
been removed.

(b) When a license previously
issued to such person hereunder
has been revoked until the ex-
piration of one year after the
date of such revocation except
where a different period of re-
vocation is prescribed by this
code or unless the revocation
was for a cause which has been
removed.

271. Grounds Permitting Re- suspension.

McCurdy Settled In Home in Japan

Mrs. Jack McCurdy, formerly
Miss Juanita Lowry of Massa-
chusetts Avenue, writes that she
has arrived at her home in
Japan. Her husband has been
there for the past several months,
in radio service for the army of
occupation.

She stated that she had a nice
voyage and a pleasant trip from
Yokohama, by train. The berths
were too short for her, being
constructed for the shorter Jap-
anese people.

They were assigned a house
the next day after her arrival.
It is a Japanese house of six
rooms, and all modern. The Mc-
Curdy's have an experienced
maid and a house boy, so about
all Juanita will have to do is
care for the German Police dog
which Mr. McCurdy had acquir-
ed before her arrival.

Mrs. McCurdy created a mild
sensation among the Japanese
children, being a bit taller than
the average American.

fusal of License.

The department may refuse to
issue an operator's or chauffeur's
license to any person:

(a) If the department is satis-
fied that the applicant is not enti-
tled thereto under the provi-
sions of this code.

(b) If the applicant has failed
to furnish the department the
information required in the ap-
plication or reasonable addi-
tional information requested by
the department.

(c) If the department deter-
mines that the applicant has
or permitted to be made unlaw-
ful use of any operator's or
chauffeur's license.

(d) If the department deter-
mines that the applicant has
used a false or fictitious name
in any application for a license
or has knowingly made a false
statement or knowingly conceal-
ed a material fact, or otherwise
committed any fraud in any
such application.

**Class to Change
Meeting Day**

Because of the many requests the weekly class in Club Procedure and ethics will be held on Wednesday evenings instead of Friday, according to Mrs. Lee Samuels, instructor.

The class has been conducted for the past four months at the Lemon Grove school by Mrs. Samuels who has 26 years teaching experience in this specialized field. She teaches under the adult education division of Grossmont High School. The class had been requested by many local people in order to better acquaint themselves with correct parliamentary procedure.

Classes will start at 7:30 each Wednesday night after this Friday at the Lemon Grove School on Golden Avenue. Anyone interested is urged to attend and become better acquainted with this useful subject.
